

INTERNATIONAL Convention on Colorants - 2007

Chair - Session 5 Dr. S.K. Bhungara

Dr.S.K.Bhungara after finishing his MSc from St.Xaviers College in 1976, joined the University Department of Chemical Technology (Dyes Section) for his Ph.D. He submitted his thesis under the guidance of the then Head of Department Dr. S. Seshadri in 1980. He has published many papers based on his work during his M.Sc and PhD research.

Dr.S.K.Bhungara has been actively in the family business manufacturing optical brighteners after his graduation. Under his guidance the company added many new products demanded by the world markets. Continuous upgradation of plant, machinery and processes was undertaken to convert the unit into a world class manufacturing facility.

Besides this Dr.S.K.Bhungara takes active interest in matters pertaining to the dyes industries. He is member of the managing committee of the World Zoroastrian Chamber of Commerce and Dyestuffs Manufacturers Association of India.
