

Session II: Ecology & Engineering

Plant-The Lifeline of Living System

Dr. Ashok Shah

Researcher in Organic Farming and Value addition

Dr. Ashok Shah did his M.Sc. in Microbiology from M. S. University and completed his Ph.D. from UDCT in 1978. He has about 25 years of industrial experience at senior positions. He has undergone specialized training in the field of fermentation, pesticides, fine chemicals and effluent treatment in U.S.A., Italy, Taiwan and U.K as well as a post-doctoral industrial biotechnology course in Germany in 1991.

Dr. Shah has traveled all over India, especially in villages, to spread the message of organic farming, biodiversity, scientific usage and conservation of water. In addition, he has presented 31 papers in various national and international conferences. He is an advisor to several pharmaceutical companies, both ayurvedic and allopathic and to sugar factories.

Dr. Shah is a member of the Task Force for Agro/Food Processing convened by CII (Gujarat). He is a Director on the Boards of GNFC and GVFL.
