Session VII

Process Technology

Session Chair

Dr. Shavak Bhungara

Eskay Dyestuffs & Organics Chemicals P. Ltd.

Dr. Shavak Bhungara, after finishing his M.Sc. from St. Xavier's College in 1976, joined the University Dept. of Chemical Technology (Dyes Section) for his Ph.D. He submitted his thesis under the guidance of the then Head of Department Prof.S. Seshadri in 1980. He has published many papers based on his work during his M.Sc. and Ph.D. research.

Dr. Shavak Bhungara has been actively involved in the family business manufacturing Optical Brightening after his graduation. Under his guidance, the company added many new products demanded by the world markets. Continuous upgradation of plant, machinery and processes was undertaken to convert the unit into a world class manufacturing facility. Besides this, Dr. Shavak Bhungara takes active interest in matters pertaining to the dyes industries. He is member of the Managing Committee of the World Zoroastrian Chamber of Commerce and the Dyestuffs Manufacturers Association of India.
